Production Schedule Planned For Delivery In Coming 18 Months

Aerial Route Across Atlantic For Delivery Of Fighter Planes Is Being Studied By American Officials

WASHINGTON, March 22.—(UPI)—A production schedule to supply Britain with some 20,000 United States-made fighter planes in the next 18 months—10,700 of these under terms of the \$7,000,000,000 British aid bill—was reported today to have been worked out by high administrative officials.

Supplementing this tremendous program, there were authoritative reports surveys now are under way looking toward establishment of an aerial route to Britain over which pursuit ships, as well as bombers, could be flown by easy stages.

A clause beginning at Newfoundland and leading to Greenland, Iceland and possibly Ireland was described as under consideration. This was said, however, to entail numerous difficulties, such as the lack of facilities and possible Danish

Libyan Desert Oasis Of Giarabub Falls To Britons, Australians

By Edward Kennedy
CAIRO, Egypt, March 22.—(UPI)—Royal Air Force fliers attacked the Addis Ababa-Jibuti railway between Addis Ababa and Diredda, machine-gunning three trains and bombing the Diredda station "with considerable success," a communique said today.

Other planes dive-bombed and machine-gunned Harar, towards which ground forces were advancing from Jijiga, while others attacked Gondar and started fires among military stores and buildings. Two trains in the station at Harar also were hit, the communique said.

Cheren, in Eritrea, again was reported bombed heavily. Italy's last armed stand in eastern Libya was broken when the oasis of Giarabub fell in a day's action after 15 weeks of siege.

An announcement late last night said the British commando and 800 soldiers surrendered yesterday afternoon after "a short operation" started the day before by Australian and British troops.

The oasis, a cluster of semi-circular native buildings around an ornate mosque of the Senousi Moham medan sect, has held out since the first Australian mechanized cavalry

Just before the house adjourned last week-end, Mr. Speaker Peter Dawson rose and said he would inform the members of the house of commons at the last rites.

LORIENT AGAIN IS BOMBED BY R.A.F. PLANES

49th Raid Of War Made On German Submarine Base In France

LONDON, March 22.—(UPI)—British planes tonight bombed the great German submarine and naval base at Lorient, on the French invasion coast, for several hours during the night, the Air Ministry said today.

"Many high explosive bombs were aimed at ships in the docks," the ministry said. "They were seen to burst in various parts of the harbor area, well down to the west of the dock and on the western bank of the Loire river."

The 49th raid on Lorient was the first since the night of the 14th, when the British planes, including some late-type fighters, were dropped many unusually heavy bombs and the docks and ships were damaged.

Docks at Lorient also were attacked during the night despite the bad weather which restricted Royal Air Force efforts.

The air ministry disclosed that planes of the coastal command attacked German warships operating from the Lorient area, and that the British planes also bombed a German submarine base at Lorient.

Bathroom Conveniences Set Standard For Modern Home: House As Old As Plumbing

There is no doubt but that the public of today judges a house by its conveniences, and many of the conveniences we enjoy today were unknown even a decade ago.

For instance, as indicators of better plumbing conveniences available today is the fact that more innovations have been made in the bathroom in the last five years than in the previous five hundred years the antiquity. Other bathroom fixtures have likewise undergone amazing transformations.

A few years ago, when a house was being built, the home builder told the architect just to "put in a bathroom." The result was the average old-type bathroom still seen in thousands of Canadian homes, with its built-in bathtub, tub on legs, tiny wall hung lavatory and cumbersome hot water tank, dark in appearance, awkward in arrangement and difficult to keep clean.

NEW STYLE

Greater utility and more beauty in less space have now become the keywords of the modern bathroom. The fact is that today's enameled bathtubs of today are available with wide ledges or built-in for toilet articles. They are streamlined for safety as well as beauty, have grab-bars, and the tub is now for emerging and entering, and are built to provide a good feeling. Being of the "built-in" type, which will fit conveniently into the corner of a room, they eliminate all problems of keeping tub surfaces clean and free from dirt.

Modern lavatories have graceful pedestal bases or slender chrome legs, are built with wide built-in benches for convenience in placing toilet articles, or with matching under-cabinet which provide ample space for storing soap, brushes, medicines, lotions, etc.

SHOWER DESIRABLE

If it hasn't a shower it isn't a modern bathroom. Modern showers are small in diameter, but improved in design to prevent clogging. The overhead shower, however, like the tub on legs, is definitely popular. They are now available with a side wall and can be placed conveniently over the bathtub or in a separate shower stall. In the bathtub shower, a conveniently placed transfer valve in the shower directs the flow of water either to the tub or shower. Shower stalls, which a few years ago had to be built on the job, must be made at a clothes closet, are now available prefabricated and easily installed. Furthermore, the present-day shower cabinet, which is built in (known) points out the bathtub, due to that fact that it is a self-contained unit which is not affected by the shrinkage or setting of the building.

Attractive new wall and floor materials, and accessories such as towel bars, glass and soap holders and interesting new lighting fixtures have also found a high place in the general design and color harmony of the bathroom.

Many features of older type homes, as well as new home builders are benefiting by today's new plumbing prices to improve their property by replacing old fixtures with improved, more attractive, modern, essential fixtures.

SHIP REPORTED SUNK TURNS UP IN N. Y. HARBOR

NEW YORK, March 22.—(AP)—The 840-ton British freighter Empire Atlantide, which had been reported "sunk" in the Irish coast on March 2, along with four other ships in a convoy, arrived unexpectedly Friday and anchored at quarantine.

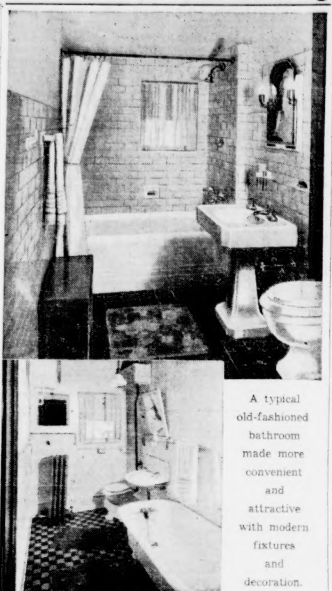

Capt. Art Ross of the Irish Free Lancers, had said on the radio Wednesday that he was close to the Empire Atlantide when a torpedo struck her.

British officials here refused comment on her arrival and said her captain and crew would be allowed to tell of their experiences.

The after math of the freighter was missing and her arrival said she would be taken in a story.

WASHINGTON, March 22.—(AP)—The United States army called Friday for volunteers in a second round, first round being for the negro unit of the air corps. The unit, the 8888 Central Postal Directory, will have about 10 pilots and ground crew of 215.

A typical old-fashioned bathroom made more convenient and attractive with modern fixtures and decoration.

B.C. STUDENTS DEFEAT VICTORIA FOR LOOP TITLE

VICTORIA, March 22.—(CP)—The young and hard driving Thunders of University of British Columbia beat Victoria Dominions 31-27 here Friday night in the first of two games in the B.C. championship, and the night to represent the province in the playoffs for the Canadian crown.

Varsity won the first two games of the best of five series at Vancouver last week, 37-32 and 40-30.

With the Canadian final scheduled for the week this season, Varsity will represent the province in the playoffs for the Canadian crown.

Playing on the larger floor of the Dominion here, Varsity still found the need and showing quality in the second game. They were ahead 7-0 at the end of the first quarter and 14-4 at halftime. They had a 22-14 margin at the end of the third quarter.

POOR HEATING PLANTS CAUSE OF OUTBREAKS

Defective Furnaces, Stoves, Boilers Responsible

Defective furnaces, boilers, smoke pipes and defective or over-heated chimneys and flues, cause 8,000 fires in Canada annually, representing a loss of more than \$2,500,000, it is estimated by the Dominion Fire Commissioner. Even more serious is the fact that more than 250 persons lose their lives each year in Canada, in or as a result of fires.

Old defective heating systems can be not only a dangerous fire hazard, but through inability to provide adequate comfortable heating seriously impair the health of those in the home, says the Institute.

Centuries are indeed fortunate in having no restrictions placed on their heating comfort, such as are being endured by many in Europe. Adequate fuel supplies of all kinds are still available, and heating equipment made in Canada is of the most up-to-date and efficient kind to be found in any part of the world.

Thousands of replacements of old, worn out equipment with modern new heating systems were made during the last few years and many manufacturers are still offering prices for those who wish to install new equipment and avoid the hazards of old.

While manufacturers have perfected new equipment, contractors have correspondingly progressed in methods of installation and in estimating the exact heating requirements for a home under any conditions. Home owners who wish to be assured of the utmost efficiency in heating equipment should take the precaution of having all work done under the supervision of an experienced heating contractor.

Lindbergh View "Wishful Thinking" Mrs. F.D.R. States

NEW YORK, March 22.—(AP)—Mrs. Franklin D. Roosevelt Friday characterized as "wishful thinking" rather than realistic thinking, the most recent statements by Col. Charles A. Lindbergh in opposition to the United States intervention in the war.

Lindbergh said in an article in this week's *Collier's* magazine that the war in Europe at this time would result in defeat and humiliation.

"I haven't had time to read it (the article)," said Mrs. Roosevelt, when questioned at headquarters of the British War Relief Society. "My impression is that it is still wishful thinking," rather than realistic thinking."

Plumbing, Heating Industry Continue Home Improvement Financial Plan For Owners

With the need for efficiently continuing to serve the normal requirements of domestic and public sanitation and heating during abnormal wartime conditions, manufacturers in the industry have arranged to provide home improvement financing in the absence of the government guarantee.

While the industry appreciates the government's decision to discontinue the Home Improvement Plan and concentrate its attention on mortgages as far as housing is concerned, more direct methods, it is estimated that there are at least 120,000 Canadian dwellings which need renovation during the next few years to remain habitable and these homes are urgently required to accommodate our growing industrial population.

Under the industry plan, home owners will be able to effect necessary improvements to their sanitation and heating equipment under terms very similar to the government's Home Improvement Plan. It offers financing of amounts up to \$500 for a minimum financing of \$50, from \$50.00 to \$100.00 for \$5.00 and for over \$100.00 a finance charge of five per cent of the amount financed for each twelve months.

Under this plan, the minimum down payment is twenty per cent of total contract price. Minimum monthly payments are \$5.00. Financed amounts up to \$75.00 must be repaid within twelve months; from \$75.00 to \$100.00 must be repaid within 18 months; from \$100.00 to \$150.00 must be repaid within 24 months. For amounts over \$150.00 special arrangements are required.

Housing Shortage

Yes, of course, there is a housing shortage in Edmonton and the sooner we do something about it the happier everyone will be.

—BUT—
In the meantime there are still a few choice homes for sale in the city at very reasonable prices—but you have to act quickly.

To assist prospective buyers in locating a suitable home, Edmonton Real Estate Dealers have listed a few attractive bungalows in an easily accessible area under the heading "Buy a Home and Save" on page 18. Read this section carefully and contact any one or several of the desirable properties you will find, through the dealer or dealers who are advertising them.

(To those of you who have homes to sell—list them with a reliable dealer, through the facilities he has at his command he can give you quick action.)

ALBERTA POOL WILL PROTEST WHEAT POLICY

CALGARY, March 22.—(CP)—Two representatives of the Alberta wheat pool will leave today for Ottawa, where they will protest in Dominion government of wheat policy for 1941-42.

The representatives, George Cooke of Nanton and Chris Jensen of Marmora, will be joined by delegates from the Saskatchewan wheat pool and the Saskatchewan wheat pool.

Wheat pool directors who met here yesterday felt the chief complaint against the new wheat policy is the 10-cent price for No. 1 wheat basis Fort William. It was stated the price was too low in view of the sharp reduction in the amount of wheat the Canadian grain board plans to accept.

THIS CURIOUS WORLD

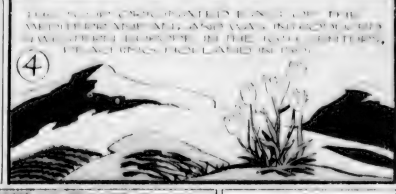

TULIP TIME!

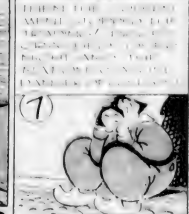

HIS MAJESTY THE TULIP ASCENDED THE THRONE OF SPRING FLOWERS ALMOST FOUR CENTURIES AGO, AND STILL REIGNS SUPREME.

THE NAME TULIP COMES FROM A TURKISH WORD FOR THE FLOWER TO A TURBAN.

THE GREAT TULIP "MANIA" HIT HOLLAND IN 1634. PEOPLE WENT WILD IN TULIP SPECULATION, AND STOCK MARKET PRICES SENT PRICES TO DIZZY HEIGHTS.

THESE TWO MEN WERE THE FIRST TO BRING TULIPS TO THE NETHERLANDS. THEY WERE KNOWN AS THE 'TULIP TRADING COMPANY'.

BUT THE TULIP CONTINUED TO BE LOVED FOR ITS BEAUTY. HOLLAND AND BELGIUM SOLD THE RIGHTS TO THE TULIP, THE FORMER SHIPPING TO MILLIONS OF BULBS TO THE UNITED STATES IN 1920.

THESE TWO MEN WERE THE FIRST TO BRING TULIPS TO THE NETHERLANDS. THEY WERE KNOWN AS THE 'TULIP TRADING COMPANY'.

FRECKLES AND HIS FRIENDS

PLEASE COUSIN, YOU'RE TOO YOUNG!!

PUT ON A PARTY DRESS, SUSANNA... I'LL SEE THAT HE TAKES YOU!

AW, FOR GOSH SAKE MOM... SHE'S JUST A CHILD!

SURE I'LL HUMOR HER NUTTY! HOW OLD IS SHE?

I CAN'T REMEMBER WHETHER SHE'S FOURTEEN OR FIFTEEN.

...AND WHAT SHALL THE OWNER DO TO REDEEM IT?

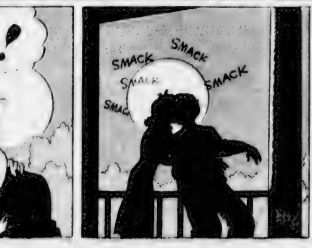

GO OUTSIDE AND COUNT THE STARS WITH FRECKLES MCGOOSY.

COUNTING STARS MEANS KISSING, DOESN'T IT?

UH-HUH... I GUESS IT DOES.
